

# A417 Missing Link scheme

**Crickley Hill widening  
October – November 2023**

On Monday 16 October, the A417 Missing Link project will start widening a small section of Crickley Hill. This work will crucially help us to keep the traffic moving and congestion to a minimum during phase two of the A417 project, when we'll be working in this area.

To keep everyone safe, we will need to close the A417 in both directions whilst work is taking place. We'll do this on weeknights only to minimise disruption.

An approved diversion route will be in place via the A46, A40, A435 and A436 and has been agreed with Gloucestershire County Council.

## Road closure and diversion

The A417 will be closed overnight between 8pm and 6am on:

Monday 16 October – Friday 20 October

Monday 23 October – Friday 27 October

Monday 30 October – Thursday 2 November

Monday 6 November – Friday 10 November

Monday 13 November – Friday 17 November

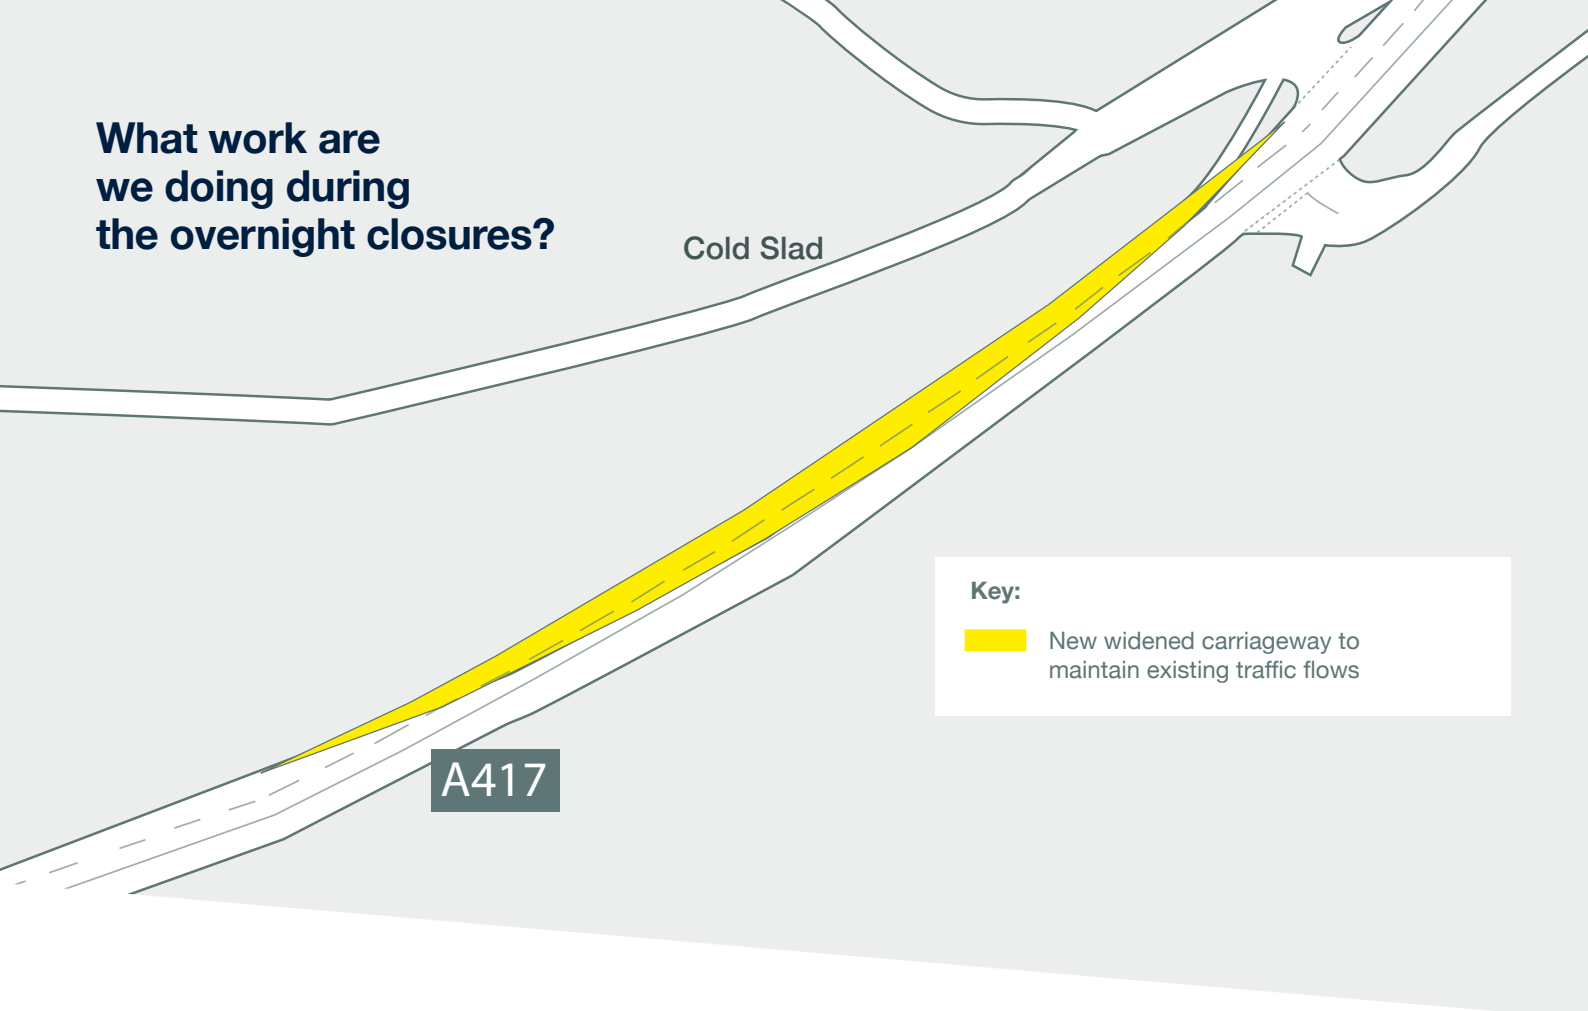

Monday 20 November – Friday 24 November

Monday 27 November - Wednesday 29 November

Friday 1 December

## What work are we doing during the overnight closures?

### Key:

 New widened carriageway to maintain existing traffic flows

A small section of road will be widened near Cold Slad on Crickley Hill, which is crucial to keeping the traffic moving and minimising disruption in the second phase of construction when we'll be fully widening Crickley Hill.

As part of this work, we'll be relocating some nearby utilities, but this will not affect residents' supplies.

We'll aim to keep disruption to a minimum and apologise in advance for any inconvenience caused by our works.
